DAUGHERTY WINS *GREATER ST. LOUIS TOP 50 BUSINESSES SHAPING OUR FUTURE AWARD*

(SAINT LOUIS, MO) October 30, 2007 – Daugherty Business Solutions, a premier technology consulting firm, has been named a *Greater St. Louis Top 50 Businesses Shaping Our Future Award Winner*. This annual awards program is presented by the St. Louis RCGA in conjunction with several corporate sponsors. Fifty winning companies were selected based on their significant contributions to the St. Louis region and how they have positively affected the future of our business community.

There are several ways a nominee's economic impact was measured. These included, but were not limited to, growth in number of employees, enhancement of the community, revenue growth, acquisitions and expansion/development of facilities.

"We are very honored to be a Top 50 winner," said Ron Daugherty, President and CEO of Daugherty Systems. "Because our business continues to grow we are able to create more opportunities to bring together the IT and business communities." He explained, "The launch of the Daugherty Speaker Series this year and our sponsorship of the St. Louis IT Coalition's Emerging Technology series are just a couple of ways we are trying to promote and highlight the true impact and significance technology is having on the growth of business in the region."

This is the 12th year for the program. Winners of the 2007 Greater St. Louis Top 50 will be recognized and presented an award at the annual awards dinner to be held on Monday, December 17, 2007 at the Hyatt Regency St. Louis.
